### CRS Contributes to Cost Recovery Book

**WEST LONG BRANCH, NJ** – Corporate Real Estate Services, Inc. (**CRS**) is a premier national lease audit services firm and tenant advocate. **CRS** collaborated with Richard Lanza, President of **Cash Recovery Partners, LLC** to provide expert knowledge on Lease Audit Services to be included in his book, ***Cost Recovery: Turning Your Accounts Payable Department Into a Profit Center***. The book was created to be a toolbox of ideas to assist companies in finding ways to save money and better understand recovery firms.

Mr. Lanza states, "With nearly two decades of experience, I could think of no better partner than **CRS**, The Lease Audit Specialists, to assist me with the recent John Wiley release, *Cost Recovery*. Their experience translated into valuable content that added knowledge and understanding of lease auditing and the long-term benefits their service can achieve."

**CRS** was created to be the premier source of expertise and systems to understand, evaluate, and track leased real estate occupancy expenses. **CRS** works on behalf of office and retail tenants to identify billing discrepancies, recover rent overpayments and ensure that the landlord's billing practices comply with the original lease terms. Since 1990, **CRS** has audited and administered thousands of leases recovering over \$275 million in savings for their clients and provided a wide range of consulting services to improve the operation and cost effectiveness of managing real estate assets. As an extension of their clients' real estate operations, **CRS** has valued clients which they have developed strong working relationships with throughout years of service.
