CRS Exhibiting at FEI's CFRI09 Conference in NYC

WEST LONG BRANCH, NJ – Corporate Real Estate Services, Inc. (**CRS**), a leading national lease audit services firm and tenant advocate, will be exhibiting at the Current Financial Reporting Issues 2009 Conference to be held November 16th & 17th at the Marriott Marquis in New York City. **CRS**, The Lease Audit Specialists, offer lease audit, lease consulting, and lease administration services to commercial tenants nationwide.

Visit **Booth #104** where **CRS** will present its expertise and experience in the field of Real Estate Lease Auditing and see what sets them apart from the competition. **CRS'** core business is lease auditing unlike brokerage, accounting, or software firms who offer lease auditing as a supplemental service. Most of the **CRS** staff has worked for landlords giving their auditors insight into the landlord's billing methods that other practitioners lack, as well as an empathy that helps to maintain a positive relationship. **CRS** has a singular focus – saving their Clients money through lease audits. Their success as an organization is 100% dependent on their ability to produce real savings for their Clients.

CRS was created to be the premier source of expertise and systems to understand, evaluate, and track leased real estate occupancy expenses. **CRS** works on behalf of office and retail tenants to identify billing discrepancies, recover rent overpayments and ensure that the landlord's billing practices comply with the original lease terms. Since 1990, **CRS** has audited and administered thousands of leases recovering over \$275 million in savings for their clients and provided a wide range of consulting services to improve the operation and cost effectiveness of managing real estate assets. As an extension of their clients' real estate operations, **CRS** has valued clients which they have developed strong working relationships with throughout years of service.
